

Gokul-Parvati Rural Degree College, Kuntara, Sambalpur, Odisha **Affiliated to Sambalpur University**

Distinctive Priority of our College:

Our college is located in a rural area with better communication facility so that staffs and students can easily make up and down every day. The main motto of the college is to educate the rural and tribal students by providing quality education and empower them to serve the society, and at the same time make the college an educational hub in our district.

Gokul Parvati Rural Degree College provides exemplary teaching learning environment for our students. Our basic motto is "Qualitative education and student first". We have a very strong pool of talented teachers, who never fails to give their hundred percent to the students and always ready to keep themselves updated with the changing academic scenario.

The infrastructure of our institution is very strong. The entire campus is covered under high speed wi-fi internet. Our library is equipped with verities of books, magazines, reprography machine, computers and reading room facility for staffs and students. Beside this one computer uploaded with library automation software and a printer for the exclusive use of the librarian. Canteen of the institution provides homely and hygienic food at reasonable price for students and staffs. A sophisticated water filter has already installed to provide pure drinking water. The Toilets are modern and clean and also physically handicap friendly. Office staff and support staff are very helpful and always ready to help the students all the time.

For the holistic development and inherent quality of the students our college conducts various curricular and co-curricular activities along with yoga. The NSS unit organizes various outreach programs to improve the moral values of the students and make them a responsible citizen.

Our college always makes sure that 100% course completion is achieved, every semester in time, course revision, and continuous evaluations are done with 100% transparency and perfection.

During Covid-19 pandemic period all the departments of our college conducted different webinar to compensate the loss of classes. At the same time all the faculty members conducted online classes of their respective subjects.

Green and clean environment and friendly relationship with students and teachers create one of the best teaching learning ambiances in the college. To excel the inherent qualities of the students our college allows them to participate in different cultural programs other than our college.

All these efforts together ensure that our students perform brilliantly in university examination. We believe our efforts will be fructified in near future and will become a best institution and an educational hub in our district.
